# X-Press It®
Halloween Bunting

STEP BY STEP

WHAT YOU'LL NEED

- X-Press It Deco Tape
- X-Press It 2 in1 Glue Pen & Brush
- X-Press It Glitter
- X-Press It Ruler
- Paper
- Scissors
- String

INSTRUCTIONS

Step 1: Choose what colours you want your bunting to be, we have chosen to do one in black and one in striped deco tape. Grab a piece of paper and cover in your chosen deco tape. We have chosen to create stripes with our orange toned deco tapes.

Step 2: Once completely covered, fold your piece of paper in half and start cutting out your triangles from the folded edge down. You can use your X-Press It Ruler to make sure your triangles are straight and even. Make sure the widest part of your triangle is the folded edge. You will end up with a diamond shape when unfolded.

Step 3: Print off or draw some Halloweeny characters. We have chosen to use spiders and crows. Cover your character in 2 in 1 Glue and sprinkle with glitter.

Step 4: Grab your triangles and fold over your string creating a sandwich. Use the 2 in 1 glue to glue your triangles into place.
Once your crows and spiders are completely dry, cut out and glue onto the centre of the triangle. Hang your bunting up for everyone to see!
