

# PROJECT SHEET

**X-Press It®**

## Metal Leaf Napkin Rings

### STEP BY STEP

#### WHAT YOU'LL NEED:

- X-Press It Metal Leaf
- X-Press It Gold Size
- X-Press It Triple Tac
- Paint Brushes
- Scissors
- Paper Rolls
- Paint Brushes
- Artificial leaves

#### INSTRUCTIONS:

**Step 1:** Cut your paper roll to the desired size. We cut ours to 5cm.  
Cover your roll in a thin layer of gold size using an old paint brush. Make sure to leave it to get a bit tacky before applying any metal leaf.

**Step 3:** We chose to add a fake leaf which we also covered in metal leaf using the steps above, you can use any decoration you like.  
Stick your decoration onto your napkin ring using X-Press It Triple Tac.

**Step 2:** Lay your sheet of metal leaf out flat. Roll your paper roll over and gently press down.  
Once fully covered with metal leaf, brush off any excess very gently and carefully. Do the same for all your napkin rings.

**Step 4:** Thread your napkin through your ring and set the table ready for some festive cheer.
