INSTRUCTIONS

Step 1: Cover your jar with any X-Press It Deco Tape you like! We chose pastel colours.

Step 2: Using a piece of card, cover one side with Deco tape.

Step 3: Fold the card in half with the Deco tape side facing inwards. Draw a shape of a butterfly wing on the card.

Step 4: Cut out the butterfly wing.

Step 5: Place a foam mounting square on the back of your butterfly. Stick the butterfly onto your jar.

Step 6: Place your tealight into the jar.

You can also carefully cut a shape into the Deco tape and peel away the inside of the shape to create a window.
