- 125ml
- Acid-free
- Non-toxic
- Flexible
- Thick gel
- Dries clear
- Strong grip
- Water-based
- Excellent hold
- Extra-fine applicator

INSTRUCTIONS

Step 1: Cut out your images from a magazine.

Using your X-Press It Paint Brush, paint the egg. We used paper mache eggs.

Step 3: Once the magazine cut outs are stuck onto the egg, paint over the cut outs and the egg with the Clear Gel Glue. This will seal the images onto the egg.

Step 2: Once the paint is dry. Using your X-Press it Clear Gel Glue, glue your magazine cut outs onto your painted egg.

Step 4: Allow the Clear Gel Glue to completely dry. Now you have your very own unique decoupage eggs. Just in time for Easter, these make a super cute table decoration.
