**Step 1:** Using a light coloured Ecoline Brushpen, write the month in the centre of the page. Use the basic hand lettering rule: thick stroke down, thin stroke up.

**Step 2:** Create a gradient effect with a darker shade towards the bottom of the letters. Blend using the lighter shade.

**Step 3:** Add some 3D effect lines by using a dark Bruynzeel Fineliner.

**Step 4:** Decorate the page with some autumn leaves with your Ecoline Brushpens and Bruynzeel highlighters.

**Step 5:** Break the space up on the page using X-Press It Deco tape.

**Step 6:** Add in some important dates down the bottom of the page so you don't forget what's happening this month.
