INSTRUCTIONS

Step 1: Using a clean paint brush, apply a thin layer of X-Press It Gold Size on the areas of your egg that you want to cover with the Metal Leaf. Allow the Gold Size to dry for 15 minutes or until it becomes tacky.

Step 2: Delicately place X-Press It Metal Leaf onto the area where you have applied the Gold Size. (You can use tweezers or your fingers to do this). Once covered with Metal Leaf, use a clean, soft brush to dust off the excess leaf softly.

Step 3: Repeat steps 1 and 2 on the wooden steamer.

Step 4: Place the wood shavings on the top of the steamer and arrange your metallic eggs on top.

Use this stunning creation to decorate your home this Easter!
