

PROJECT SHEET

X-PressIt®

Pouring Medium Halloween Inspired Canvas

STEP BY STEP

WHAT YOU'LL NEED

- X-Press It Pouring Medium (available in 250ml and 1lt)
- Stretched Canvas
- Amsterdam Acrylic Ink (at least two colours)
- Rubber Gloves
- Mixing Cups
- Popsicle Stick

INSTRUCTIONS

Place a protective surface under the canvas to catch pouring medium running off the edges. Lay canvas flat and elevate from the protective surface.

Step 1: Pour approximately 50ml of pouring medium into each of your cups.

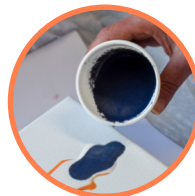

Step 2: Add approximately two squirts of acrylic ink to the pouring medium and mix well.

Step 3: Leave cups to settle so that bubbles rise to the surface. Make sure all ink is dissolved into the pouring medium. Repeat with each desired colour.

Step 4: Pour about half a cup of one colour onto your canvas. Make sure you are not pouring too close to the edge of the canvas.

Step 5: Add another colour and continue adding until all areas of your canvas are covered.

Step 6: Move the canvas around to create your desired effect. The colours may appear cloudy initially but should dry bright and vibrant. Ensure the surface is level and flat. Let dry for at least 24 to 48 hours.
