

Mono Printing bookmark

STEP BY STEP

WHAT YOU'LL NEED

- X-Press It Blending Card
- X-Press It Brayer
- Gel Press - Mono Printing Plate
- Paint
- Scissors

INSTRUCTIONS

Step 1: Add a few dollops of paint onto Gel Press Plate.

Step 4: Place your piece of paper down onto the gel plate and press firmly. Peel off to reveal the pattern you created.

Step 2: Using your brayer roll out paint to cover all of the plate evenly.

Step 5: Continue these steps with different colours and different stencils to create your desired pattern.

Step 3: Carefully place your stencil or cut out some shapes and place onto gel plate. Leave for about 10 seconds then remove the stencil or cut out shapes off to reveal your print.

Step 6: Leave to dry. Once dry, cut out your book mark. You may want to punch a hole and tie a ribbon around it. Enjoy your book!
